PRINCIPAL’S MESSAGE

The term is flying by and yet we still have many major events this term. Our Year 3 and 4 students are making preparations to attend camp in only 2 weeks and our drama and dance performances are well under way. Tickets for dance festival will go on sale next week and this will be an amazing opportunity to see our students on a big stage as well as showcasing the amazing talent in our region.

Please come along on the 18th of June to Camden Haven High School and support our students. Last week our students competed in the Lower North Coast Cross Country and although none of our students progressed to the next level this year, they all did their best and enjoyed the experience. Students also competed in the Macleay Soccer Gala Day. This was a great day out and it was fantastic to see some of our youngest participants in Year 3 develop their skill and technique.

Day at the Glasshouse performance of 13 Storey Tree House

Our Cross Country Participants
We have also ordered $2500 worth of new readers for the school thanks to a donation from the P & C. Thank you to all of our parents and members who assisted in raising these funds. We will also need some parent helpers to assist in covering the readers when they arrive.

Kathryn McNee
Principal

2M News

2M farewelled Mr Ussher last week and the whole class was disappointed that his time at Gladstone had finished. He thoroughly enjoyed his practical experience at Gladstone and promised he will be back to visit. We wish him all the best in his last two years of study.

This week students have been busily learning their parts for our upcoming Glasshouse performance. 2M students are also making great progress in recorders and guitars.

In literacy students have been extending their skills in persuasive writing and working on their handwriting. They have also been working on a power-point based around Australian Landforms. Our focus in maths is around angles. All students can now identify an acute, obtuse, right, straight and reflex angle. They can also recall how many degrees are in right, straight and revolution angles. In HSIE students are finalising their unit of work on the ANZACS.

Legends of the Week!

Ella G – For effort at the soccer gala day.
Bill T – For outstanding performance at LNC Cross Country.
Brian – Persevering in numeracy and achieving a high result.

Student of the Week

Owen Macdonald

Aussie of the Month for June

Ella Gordon
For always doing her best and for her perseverance.

2M’s Trip to the Glasshouse
By Reece Garton
At 12.00pm 2M went to the Glasshouse to see The 13 Story Treehouse. The teachers took 2M to the front of the Glasshouse to wait for the other students. When everyone got there we went in. There were steps that took us to the seats and we all sat in the same row. When the play was about to start everyone stopped to be quiet. There was a big sign on the stage that said no phones. The play started with two people named Andy and Terry. There was a lady making the noise for the play but she was also a lot of characters in the play. Everyone enjoyed the play. 2M all went back to school at 2.45pm we got back at 3.30pm. Then 2M walked home or they got a ride.
Mrs Pugh’s News-

Lower North Coast Cross Country

Congratulations to the following students who completed the 2km course: Zachery and Dominic Rixon, Brian Robinson, Taite Davis and Ella Laverty. Their run was outstanding considering some of these students were recovering from illness. These students ran 3km: Bill Tyne, Daniel Meehan. Well done Gladstone runners!

Garden-
Neville’s bean seeds have germinated and are looking very healthy. Neville will be happy (I hope!) that we have pruned and fertilized the Hydrangeas. Some very timely rain fell last weekend.

The compost bins are almost complete. We now need some 4” boards to hold the compost in when full. We can always use some manure of any kind to add to our compost.

Science—1H has been busy collecting insects and creating insect models using food and modeling clay. Many thanks to Mr Ussher and Jessica. Here are some examples.

2M have been researching a particular Australian geological icon and using their information report, creating a power-point presentation and brochure. We are all looking forward to seeing the results.

Happy days—Mrs J Pugh

Super workers have been:

Aussie of the Month for June - Zachary Rixon
Zachary Rixon

Student of the Week: Abbey Gordon

For her improved effort in Reading activities.

Jasmine, Taite, Billy and Brooke S: 100% in their Spelling Test.

Georgia and Tyson: Beautiful work in their handwriting books.

Skyann: Quick thinking in Maths.

1H News

This week has been quiet compared to past weeks but there has still been lots of things happening. The Year 2 and Year 3’s represented our class and our school at cross country last Friday. They tried their best as usual and did us proud. On Monday Dominic and Zac joined the “big” kids at a Gala day in town. On Tuesday we had some visiting teachers at our school to watch some Maths lessons. 1H had a lesson on 3D shapes. I was very proud of every student’s behaviour, I couldn’t have asked for them to be better, the visitors praised both your behaviour and participation in the lesson. Well done 1H. We are continuing to practice our play to get ready for our performance at the Glasshouse next term. Don’t forget the assembly next Friday.
Everyone is thoroughly enjoying our Skateboarding on Thursday afternoons.

The Soccer Gala Day in Kempsey on Monday

Kempsey Music Studios
Ph: 6567 2157
Tuition in: Keyboard, Guitar, Piano, Violin and Singing Tuition

10 Kemps St, West Kempsey 6562 3252

The School farewelled Mr Ussher last week.
